## Our Global Footprint

## Distribution and Value-Added Processing

We see the big picture, we keep our promises, and we take care of our customers' needs every step of the way. We are expanding our footprint in Southeast Asia via the local distribution business to complete the end-to-end supply chain for our customers.

**Cargo Clearing & Handling** – Unloading & bagging

**Warehousing & Storage** – Inventory management & quality control

**Value-Added Processing** – Quality management

**Trucking & Logistics** – Send stocks to deliver inventory to final destination

**Local Sales** – Sell in local currency & in smaller volumes
