Co-Manufacturing

Custom Blends & Mixes

130+ Years in Ag Industry

Geographical Strengths

Identity Preserved

Our Emerald Farms branded product line is popular in the heart of South-Central Canada. It contains a variety of feeding options which have been tailored to meet your needs.

Geographical Strength

Our bird food facilities are strategically located in the sunflower growing regions, granting us access to local growers.

Products

We offer a variety of birdseed products for feeding wild birds. Bird food blends are the easiest and most cost-effective way to attract a wide variety of birds to backyard feeders. We can blend any combination of seed ingredients to produce the ideal mixture for your wild birdseed needs.
